*This recording is dedicated to those who struggle to make life better from **JOE HOMELESS** to the French demonstrators whose slogan is **TOUS ENSEMBLE** "All Together" to those who seek the deepest meanings – **A FRIEND LIKE YOU**; and especially to the hundreds of volunteers who run the coffee houses and concerts where people can sing of these struggles and celebrate the breakthroughs and victories. We salute the singers, players and music organizers, roasting them in **THE GREAT FOLK RIP-OFF** and toasting them in **PEOPLES' VOICE CAFÉ!***
